)
```

Benefits:

Fine design - strong helper. The coffee table RecTable is characterized by its filigree frame. In conjunction with the thin solid core plate in white or black, however, he becomes a useful contemporary.

He does not push himself into the foreground, but he is always there at the right moment. Breaks, conversations with customers in the lounge area or in the reception area, with the RecTable all situations can be mastered easily.

Technical Details:

- Coffee table 600x500 mm
- 2 frame sides made of round tube d = 11 mm, chrome-plated
- Full core plate 10 mm thick white or black with black core

Dimension in mm:

- Height: 380
- Width: 600
- Depth: 500
