

Tube
Stool

Use Tube to expand your seating ensemble and place interesting accents with the cylindrical seating module. Use it as a table to extend your reception area or as an additional seat in the lounge. Make yourself a peaceful oasis for those in-between times.

Article no.: C4121

Benefits:

The fabric and colour diversity offers variable design options to accentuate your individuality and customize your device to your corporate identity.

Good fire protection properties ensure that all requirements of low flammability are fulfilled. The certification according to DIN 66084 P-a will guarantee a high level of security.

The individual modules of Tube offer infinitely expandable combination variants. Thereby it is possible to create new interior designs again and brings variety to your everyday office.
