The revolution in the lounge area! Blogger shines through its unique individuality and comfortable seating surface. The modular sofa knows no bounds: on the stool, armchair, 2-seater, 3-seater with or without armrest(s) or version with integrated table element, guests like to fall and relax. In terms of size, Blogger makes no one, because it is infinitely expandable. In just a few simple steps, a table element can be integrated in place of a seat in order to have additional storage space with built-in electrification. Design your blogger the way you need it.

Round Conversations

Inspiringly Communicative

Is it a hat? Is it a UFO? No, it’s One600! The round seating area amazes everyone. As a super-eye-catcher the comfortable seating plateau attracts all of the attention. It’s a great element of design for offices, shops and lounge areas.
Circ
All around cool - simply Circ! Casual and stylish Circ makes hearts leap for joy. The designer armchair with a tapered 4-foot-frame and sophisticated processing combines futuristic seating pleasure with a true design experience.

Funnel
Funnel is concentrating on the essential. Elegant and confidently the by 360 degrees rotatable armchair combines design and seating convenience. Its powerful and round foot made of brushed stainless steel caters to a safe standing at all times.
Charmingly Homely

**Bonny**
A true treasure under the seating: Bonny pulls as a lounge chair, 2- or 3-seater every seated in his spell. The futuristic upholstered furniture sets its pretty curves by colored decorative stitching in the best scene.

Design by dietzproduktdesign

**Skiid**
The glass coffee table Skiid appears to be weightless. That’s why its strong chromium-plated frame is determined to keep it firmly on the ground. The smaller Skiid model likes nothing more than to get close to others, but not such that it makes itself unpopular. As a side table, it offers outstandingly good qualities. Skiid is available in various sizes and surface finishes as well as with different tops and legs.

**Agg**
Agg grants you plenty of scope for personal development. On the 360° revolving armchair with high backrest and wide firm seat, you’ll enjoy sitting as never before. The futuristic-looking design promises you a super-comfy eye-catcher. On this, Agg most definitely delivers!

**OneToe**
The indispensable part of any reception, office or bistro – the coat rack: The filigree coat One-Toe stands despite their gentle appearance relentlessly the load of several jackets and coats stand. She is the perfect match.

Great Cuddling factor

Shapely curves, comfortable seating and a versatile appearance – absolute strengths that unite the feel-good sofa Bonny. In a homely office concept Bonny convinces on all lines. The versatile fabric and color worlds suit the curves of the sofa appropriately and provide an absolute highlight, in the spirit of the corporate design. A sofa with a high cuddle factor strengthens the image.

Mantis Lounge

Flexible. Aesthetically pleasing. Mantis. This linear upholstered piece of furniture is worthy of its own adjective. Because the width of the seating in the Bauhaus style of the 1920s can be individually adapted to suit any interior design. Whether as an armchair or multi-seater, and in the office, reception area or lobby, it always cuts a fine figure.

A modular kit for the not so little ones

Whichever way you twist and turn - FlexFive is a chain of happy circumstances. After all, the only restriction on the diversity of the cool seating island system is the size of the room. Its five elements can be used as stand-alone modules or be combined with or without central rest to form a large ensemble where people can get together for a chat. Thus, if you so wish, you can place an infinite number of elements next to each other to create the biggest seating island of the world has ever seen, or you may prefer to enhance your office, reception area or lobby with a large number of smaller seating zones.

The organization element is the ideal complement for FlexFive. Blankets, pillows or magazines are easily stowed away.

Time to get cosy

2do
There’s much to do, but 2do still allows moments of relaxation. The two-piece moulded seat and seven frame versions lend the slender armchair and chair appealing aesthetics. Whether in the office, waiting areas in medical facilities, in the bank, or even at home, 2do always gets the job done.
Coccete

With its organic shape and 3D shell Coccete moulds itself snugly to the person sitting in it. Available in four different frame versions, the comfortable armchair, whether as a stand-alone piece of furniture or as part of a seating ensemble, is the perfect choice for placing in hotels, executive suites, reception areas or lobbies.

Danty

A table is for reading, discussing, playing – all this combines Danty with elegance and comfort. The anti-fingerprint solid core panel seems to float on the coffee table. A second Danty can easily be pushed over the other.

Impressively Present
Kinzika Pouff

Kinzika Pouff extends the relaxation effect right down to the toes. The small flexible ottoman assists Kinzika by providing a comfortable rocking support for the feet. It takes up the simple, yet modern design of its trendy brother and implements it on a small scale in its own minimalistic style.

Kinzika L, M & S

The Kinzika family impresses with elegant elegance and perfect seating comfort. The tasteful design not only evidently invites you to relax, it also captivates you when you're in it.

Discretion 2.0

Manhattan HighBack affords every conversation a fashionable frame – and every open space a structure. Enveloped within the continuous high backrest, serious dialogues or concentrated working phases are screened off from the outside world. What’s more, Manhattan meets all the relevant requirements regarding low flammability. Thus, the lounge furniture is not only comfortable but also safe.

Manhattan HighBack & HalfBack

Wherever Manhattan can unleash its elemental force and override tranquility, a new energy is released and peak performance ensues. After all, even in public spaces where life pulsates, the sound-absorbing HighBack makes discreet conversations and silent work possible. Different widths and back heights afford Manhattan great flexibility in use, enabling it to be rearranged time and again. An exciting material mix and countless upholstery options ensure Manhattan makes an impact on the colour front too.

Manhattan Coat Stand

This coat stand has plenty of hang-ups. But in this case that’s precisely what’s needed! The sturdy clothes rail can accommodate a large number of jackets and coats. The coat stand is modelled on the Manhattan HighBack, and as such also reflects the corporate design of your rooms.

Manhattan PlugOn

The little plug-on hangs a lot on Manhattan. And that’s just as well. With the decorative magazine holder or the coat hook, you invite your guests discreetly to read while reading your leaflets or company newspapers and to take off your jacket.
Rooms Reinterpreted

Whether solo or in a group – Manhattan makes sitting lots of fun. Both the single armchair and multi-seater offer a high degree of sitting comfort and a timeless urban design for any environment, from the office to the lounge, from the waiting area to the reception. The Manhattan series is well geared to cope with the daily routine: the whole series can be equipped with connections for modern communications technology and is, therefore, always up to date.

Royal

Noble, charming, good looking – truly regal. Royal presents itself as a coffee and side table of distinction. Irrespective of whether with HPL full core table tops, clear or satin-finish or glass top, it is a real asset in any environment.
Santorin is perfection on four graceful legs or, as the case may be, on the beautifully shaped skid frame. Its classic elegant design and the range of sizes make individual room solutions for a variety of tastes possible. The continuous back- and armrests envelope the seated person in a room that feels cosy and incorporates firm upholstery and soft coverings of your choice. As a piece of furniture complying with the relevant low flammability requirements, Santorin contributes towards the well-being of your staff, making them feel safe and secure.

Sedeo Coffee Table

Sedeo combines straight clean lines, soft roundings and a crystal-clear function. Its top, the finish of which can be individually selected, appears to float in mid-air. As a result, the presence of the coffee table in the room is discreet and non-obtrusive.

Harmonious structures lend the working environment the calm that the eye craves. Linear upholstered furniture supports this optical tranquility by virtue of its timeless design. You’ll notice that with the right furniture stillness returns in many different ways. Santorin and Sedeo are perfect for this. Elegant and linear, the upholstered furniture, and the coffee table bring a calming influence to every room. What’s more, these pieces are beautiful to behold and create a host of possibilities.
When sitting in Clinc, you’re happy to let time melt away and are likely to stay there for longer than intended! The linear, modern design draws attention to itself but does so in a subtle way. The seat, reinforced with sinuous springs, makes relaxed sitting possible, creating a modern feel-good zone to counteract the turbulence of everyday life.

A robber of stress

Ritz No. 3

Robust elegance is what best describes the table range Ritz. The round table with a sturdy stainless steel frame won’t let itself be put down, even if its top in clear or satin-finish glass betrays its lighter side.

Sitting as the motive
Flexible all round

Xis Familie
As a high-backed wing armchair, Xis Wing loves to show itself in its finery. Its unique cut inspires new ideas and encourages you to lean back and simply relax. The high back- and armrests make you feel safe and secure. As ordinary as its name may sound, Xis Usual is anything but that. The swivel lounge armchair knows more than black and white. Its appealing design stands out from its surroundings, turning this individual piece of furniture into a true eye-catcher.

Ritz No. 2
Robust elegance is what best describes the table range Ritz. The round table with glass bottom won’t let itself be put down, even if its top in clear or satin-finish glass betrays its lighter side.
With Mellow even standing friends are soft. As a bar stool, the comfortable visitor chair rises to lofty heights and makes sitting down even easier. So conversations can continue to be at eye level and still enjoy the comfort of a comfortable barstool.

**Mellow Barstool**

For smaller sitting areas, larger seating areas or as a coffee table in the living area - the light-footed RecTable fits perfectly into any modern ambience. But also serves as a useful storage of the flat table valuable services.

**RecTable**

90deegree simply cannot be overlooked. Despite its size, the acoustically effective sofa is extremely flexible. Its corner, intermediate or organizational elements can always be rearranged and supplemented by more. Ceilings, pillows, magazines or laptops are easily stowed away in the perfectly fitting organization element. The overall structure makes 90deegree variable seating in every room.

**90deegree**

Loud was yesterday

With Lexx, every table likes to show leg. Because the three or four black table legs made of rectangular tube are real eye-catchers. The 75 cm high trio and quartet are perfect for beautiful table tops.

**Lexx**

The modular bench 4six shows just what it’s capable of. Its robust wood-aluminium construction combines industrial design with a captivating naturalness. In next to no time the extendable system converts from a stool to a bench with or without lumbar support.

Stay cool!

Boog

You will be swayed! Thanks to its spacious seat and the stable rubber-cushioned rocking mechanism, Boog encourages you to sit dynamically to achieve a more relaxed sitting posture. Rotating around 360°, the stylish armchair allows you the freedom of movement you need to ease your working day.

Composure
Is the start
Withdrawal to comfort

Who says that lounge areas and offices have to be dull, dreary places, lacking in cheer? The smart lounge seating FourtyTwo brings composure to any corner. This young-looking piece of furniture combines form and function right through to its core, inviting visitors, staff and management to constructively laze about. Lounge furniture with high backs screen off noise and afford a certain degree of privacy in open-plan offices and reception areas they thus provide retreats for carrying out silent tasks, conducting confidential conversations or for taking an undisturbed breather.

When the working day is trying on the nerves, FourtyTwo sends the noise packing! This acoustically effective piece of lounge furniture keeps what’s been said to itself. Whether as a single armchair, two- or three-seater with low or high backrest, this extravagant-looking piece of furniture proves a true eye-catcher, reflecting a young, staff-friendly image. FourtyTwo can be used in the office as a flexible work station or equally as a tranquil haven.
Sitting in Quarter-time

The dice have been cast – at least in terms of cool places to sit. Dispersed as splashes of colour, lined up or grouped into seating islands, the seating elements form an adventure-filled landscape. Individual placement options and flexible room solutions make for an exciting design experience. The modules Cube, Tube, and Quarter can be harmoniously combined. With their spacious firm seat for any physique, they ensure a relaxed sitting posture over longer periods. A large range of fabrics and colours allows you to match the elements precisely to your corporate image.
Parallels transports you into the fascinating world of relaxation. The conically tapering armrests and comfortable cushions adapt themselves harmoniously to the seated person’s physique. Longer waiting times are turned gently and softly into true oases of well-being. Whether as a single armchair, a multi-seater, or corner solution with linear skid base or chrome-plated feet and excellent fire protection properties, Parallels always remains steadfastly at your side.

OnCorner

If Parallels has been unable to fill all your wishes, it’s time to call upon OnCorner to cast its spell on your lounge and office space. The discreet but solid table is Parallels’ perfect sidekick. With a choice of two sizes, two types of tops and with matt black, white or stainless steel ground frame, this airy-light table blends into any ambience and satisfies exacting tastes.

Happiness is measured by the level of well-being. Single armchairs, small sofa zones, and large seating arrangements afford visitors and staff tranquil moments and in doing so inject a dose of happiness into the working day. The high-grade sitting comfort is perfected by adding matching side tables. They provide a surface on which to place drinks, snacks, and other things too.

Well Combined

Perfectly happy
Here and there

Strew

Strew is always slightly distracted. But that’s a good thing because in terms of function, this designer piece is a true all-rounder! Whether as an ottoman or side table, and no matter the chosen size, it always cuts a fine figure. Thanks to a choice of covering, this round module in an extravagant design, combines perfectly with other furniture. You can reposition this lightweight within the room in next to no time. And because it’s recyclable, you know you’re placing a piece of furniture in your office, lounge, or hotel that is mindful of the environment.

A clear win

on points
Decision of the heart

Once upon a time there was a classic furniture design, whose beauty was so enthralling that it was reborn in @Once. The seating in retro look is a wonderful eye-catcher in any office or reception area. Its spacious seat and reclined backrest are super-comfy and suited to any physique.

Pure well-being
Simply Amazing

Tempting Simplicity

Scent

Scent surrounds the sitter like a warm breath of air. The seat shell of the upholstered chair gently clings to the body and seduces to long moments of sitting. With three rotatable bases or solid beech frame, Scent subtly emphasizes every ambience.
Harmony in the colony

Wave

It’s plain to see that Wave is wonderfully curvaceous. With or without backrest the seating module creates good vibrations in any room. The modular seating can be used and configured in a myriad of ways, and the wide choice of fabrics and colours extends the design options still further. Electrification with 230 volt connections and USB ports is available on request.

Individual attractions
In addition to the unusual, creative room concepts, classic solutions that bring a timeless design are also needed. Simple elegance and maximum functionality open up all the ways to create a cozy ambience. Guests feel comfortable in the atmosphere.

Whether as a single armchair or a two- and three-seater sofa, with its high back Ibiza converts waiting time into holiday time. The fully upholstered seat and back affords you snug all-round support, allowing you to simply let yourself go.

Ibiza

Vigo

Vigo is offered as a static or swivel model. The lightweight lounge chair presents the perfect seating for upmarket, change-intensive room solutions. Its chromium-plated skid frame or the star base in matt chromium-plated steel are special highlights in Vigo’s life. The swivel star base is great in terms of allowing freedom of movement in a meeting or a waiting area. Its auto-return mechanism then ensures that you never overwork the swivel action and thereby risk losing your focus.

Saphir

Saphir is a true gem. No matter how important the task is, Saphir is always ready and able to take it on, thanks in no small part to the different model versions available. Whether brushed, polished, aluminium-coloured, black or white – it’s always a top-class companion.

Presenting classic elegance in the entrance area is Entree’s speciality. Mounted as if free-floating, the glass tops of the made-to-measure coffee table rest firmly on the chromed or aluminium-coloured square tubular frame.
